

Science Prerequisites Offered for Non-Matriculated Students

Below are science prerequisite courses offered at Bastyr University (only at the Seattle-area campus), along with estimated tuition and quarters offered. Reach out to an advisor for questions.

| Course Name | Course Number | Credits | Fulfills Prerequisite | Program | Quarter offered | Prerequisite for course |
|--|------------------|---------|----------------------------|-----------------------|--------------------|---|
| Integrated Cell Biology and Biochemistry | <u>BC3144</u> | 6 | Biochem and Biology 2/3 | ND/MSNDPD | winter | Organic Chemisry for majors (C or above) and Cell Biology |
| Biochemistry 1 | <u>BC4117</u> | 6 | Biochemistry | ND/MSNDPD | winter | Organic Chemisry for majors (C or above) |
| Physics I | BC3108 | 5 | Physics for ND and Ac | ND/MAc | winter | precalculus |
| Microbiology | <u>BC4104</u> | 3 | microbiology | MSNDPD | winter | Anatomy and Physiology |
| Integrated Human Biology 1 | <u>BC3151</u> | 6 | Biochem and Biology 2/3 | ND/MSNDPD | spring | BC3144 |
| Organic Chemistry lecture/lab | BC3123 | 6 | organic chemisty | ND/MSNDPD | summer | General chem 1 and 2 (C or better) |
| Biochemisty lecture/lab | <u>BC4139</u> | 6 | Biochemistry | ND/MSNDPD | summer | organic chemistry |
| Physiology lecture/lab | <u>BC4141</u> | 5 | Biology2/physi ology | ND/MSNDPD | summer | Cell biology recommended |
| General Chemistyr 1 Lecture | <u>BC2115</u> | 5 | gen chem 1 | undergrad programs | summer | introduction to chemistry course |
| General Chemistry 1 lab | <u>BC2116</u> | 1 | gen chem 1 | undergrad programs | | |
| General Chemistry 2 lecture | <u>BC2117</u> | 5 | gen chem 2 | undergrad programs | summer | General Chemistry 1 |
| General Chemistry 2 lab | <u>BC2118</u> | 1 | gen chem 2 | undergrad programs | | General Chemistry 1 lab |
