Congratulations! Your application for financial assistance has been reviewed by the Financial Aid Office. The award has been made on the basis of your financial need and academic record.

Some undergraduates need additional funds (for tuition gaps or living expenses). Taking out private loans or Parent PLUS loans can meet this need. Please talk to someone in the Financial Aid Office to discuss your options.

We calculate two different numbers for your loan, as the government takes a fee out of the loan. The top number is the amount you borrow (award, or gross). The bottom number is the amount you receive to pay tuition, or to live on (net).

Work study funds are not given to you up front, you have to work and earn them as a paycheck. You should not calculate this amount towards your tuition each term.

### FINANCIAL AID WORKSHEET

```
Aid Eligibility Calculation

Total Cost: $55,159.00
Less EFC: $11,042.00
Total Need: $44,117.00
Awards (both need and non need): $19,300.00

Remaining Need: $24,817.00
```

The boxes above: “Estimated Cost of Attendance” and “Aid Eligibility Calculation” are estimates. We calculate these numbers based upon averages to award your financial aid. Your needs for living allowance, books, and equipment may be more or less depending upon your personal situation. When you receive your actual award letter, these numbers will still be estimates. The numbers in these two boxes should not be used to calculate what you might owe, or how much refund you might receive. To calculate if you will still owe money, or how much refund you will receive, you will need to look at My Billing on MyBU and calculate the difference between your award (subtracting work study) and your tuition bill. The Registrar's Office will send you an email notice each quarter once your billing statement is ready. If your financial aid disbursement is less than needed for your tuition bill, you can request additional aid by contacting the Financial Aid Office.
